Style & Design

Transversal and multifaceted surfaces

Our idea of style is based on a different design approach, which has always disavowed all identity processes and stays a cut above the trends, interpreting them in a distinctive manner. The Rainbow collections stand out for their handcrafted beauty and subtle and intelligent use of technology, which is never obvious. They refer to the past without indulging in nostalgia, giving spaces a natural warmth and a timeless look.

The image shows a full-page background of marbled paper with a complex, organic pattern of swirling, veined, and mottled colors in shades of beige, tan, and light brown. The pattern resembles natural stone or aged parchment. A black rectangular border is superimposed on the lower-middle portion of the image, enclosing a specific area of the marbled pattern.
