BRAND Style & Design

Transversal and multifaceted surfaces

Our idea of style is based on a different design approach, which has always disavowed all identity processes and stays a cut above the trends, interpreting them in a distinctive manner. The Rainbow collections stand out for their handcrafted beauty and subtle and intelligent use of technology, which is never obvious. They refer to the past without indulging in nostalgia, giving spaces a natural warmth and a timeless look.

The
Nature,
Feel It.
